Teacher Qualifications

Our school receives federal funds for Title 1 programs. Throughout the school year, we will provide you with important information regarding your child's education. You have the right to request information regarding the professional qualifications of your child's classroom teachers. If you request this information, the school will provide you with the following as soon as possible: if the teacher has met state licensing requirements for the grade level and subjects in which the teacher is providing instruction; if the teacher is teaching under emergency status for which state licensing requirements have been waived; if the teacher has earned a college degree major and the field of discipline for any graduate degree or certificate; and if your child is receiving Title I services from paraprofessionals and, if so, his or her qualifications.

Most teachers include this information in their beginning of the year syllabus. Ask your student to share the information that they received during the first few weeks of classes.

If you would like to request this information, please call 727-6940 after September 12th.
