For students who want additional theater time outside the classroom to fine tune their performance skills and also have additional opportunities to be featured performers on stage in several of NVCA's performing events throughout the school year. The focus this semester will include any fall programs and our Christmas program.

Though all of our students are involved in theater during the school day, this after-school club is for those who want to soar by being able to commit to more! For questions, payment information & to RSVP, please contact Ms. Kim via email at KimCo@northvalleyca.org
