Instructions for completing the Certificate of Immunization Status (CIS): Print the from the Immunization Information System (IIS) or fill it in by hand.

To print with the immunization information filled in:

Ask if your health care provider's office enters immunizations into the WA Immunization Information System (Washington's statewide registry). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

1. Print your child's name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediatix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records

All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state's IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider's electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status

Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose). To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.

Immunization is one of the best ways to protect people from getting and spreading diseases that may result in serious illness, disability, or death.

Child's Last Name: _____ **First Name:** _____ **Middle Initial:** _____ **Birthdate (MM/DD/YYYY):** _____

NOTICE: This form may be used to exempt a child from the requirement of vaccination when a health care practitioner has determined specific vaccination is not advisable for the child for medical reasons. This form must be completed by a health care practitioner and signed by the parent/guardian. An exempted child/student may be excluded from school or child care during an outbreak of the disease they have not been fully vaccinated against. Vaccine preventable diseases still exist, and can spread quickly in school and child care settings.

Medical Exemption

A health care practitioner may grant a medical exemption to a vaccine required by rule of the Washington State Board of Health only if in their judgment, the vaccine is not advisable for the child. When it is determined that this particular vaccine is no longer contraindicated, the child will be required to have the vaccine (RCW 28A.210.090). Providers can find guidance on medical exemptions by reviewing Advisory Committee on Immunization Practices (ACIP) recommendations via the Centers for Disease Control and Prevention publication, "Guide to Vaccine Contraindications and Precautions," or the manufacturer's package insert. The ACIP guide can be found at: www.cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html.

The Purpose of the Home Language Survey

The Home Language Survey is given to *all* students enrolling in Washington schools. The following information should help answer some of the questions you may have about this form.

What is the purpose of the Home Language Survey?

The primary purpose of the Home Language Survey is to help identify students who may qualify for support to help them develop the English language skills necessary for success in the classroom and who may qualify for other services. It is important that this information be correctly recorded since it can affect the eligibility of students for services they need to be successful in school. Testing may be necessary to determine whether or not additional language and academic supports are needed. No student will be placed in an English language development program based solely on responses to this form.

Why do you ask about the student's first language and language(s) used in the home?

The two questions about the student's language help us to determine:

- if your student may be eligible for assistance with learning English, and
- whether staff at the school should be aware of other languages being used by the student at home.

The language your child first learned may be different from the language your child uses for communication at home now. The responses to both of these questions will assist the school in providing **instruction appropriate to the individual student's needs as well as help with communication needs that may arise**. Students who first learned a language other than English may qualify for additional supports. Even students who speak English well may still need support in developing the language skills needed to be successful in school.

Why do you ask where the student was born?

This information helps the school district and the state determine if the student meets the definition of immigrant for the purposes of federal funding. This applies even when **the student's parents are both US citizens**, but the student was born outside of the United States. This form is not used to identify students who may be undocumented.

Why do you ask about my student's previous education?

Information about a student's education will help ensure that the student's education both within and outside of the United States is considered in any recommendations made for participation in programs and **district services**. **The student's educational background is also important information to help determine if the student is making adequate progress toward state standards based on their prior educational background.**

Thank you for providing the information needed on the Home Language Survey. Contact your school district if you have further questions about this form or about services available at your **child's school**.

FOR APPLICANTS:

PURPOSE: To comply with the requirements in 20 USC 7427(a), which provides that: "The Secretary shall require that, as part of an application for a grant under this subpart, each applicant shall maintain a file, with respect to each Indian child for whom the local educational agency provides a free public education, that contains a form that sets forth information establishing the status of the child as an Indian child eligible for assistance under this subpart, and that otherwise meets the requirements of subsection (b)".

MAINTENANCE: A separate ED 506 form is required for each Indian child that was enrolled during the count period. A new ED 506 form does **NOT** have to be completed each year. All documentation must be maintained in a manner that allows the LEA to be able to discern, for any given year, which students were enrolled in the LEA's school(s) and counted during the count period indicated in the application.

FOR PARENTS/GUARDIANS:

DEFINITION: Indian means an individual who is (1) A member of an Indian tribe or band, as membership is defined by the Indian tribe or band, including any tribe or band terminated since 1940, and any tribe or band recognized by the State in which the tribe or band resides; (2) A descendant of a parent or grandparent who meets the requirements described in paragraph (1) of this definition; (3) Considered by the Secretary of the Interior to be an Indian for any purpose; (4) An Eskimo, Aleut, or other Alaska Native; or (5) A member of an organized Indian group that received a grant under the Indian Education Act of 1988 as it was in effect on October 19, 1994.

STUDENT INFORMATION: Write the name of the child, date of birth and school name and grade level.

TRIBAL ENROLLMENT INFORMATION: Write the name of the individual with the tribal membership. Only one name is needed for this section, even though multiple persons may have tribal membership. Select only one name: either the child, child's parent or grandparent, for whom you can provide membership information.

Write the name of the tribe or band of Indians to which the child claims membership. The name does not need to be the official name as it appears exactly on the Department of Interior's list of federally-recognized tribes, but the name must be recognizable and be of sufficient detail to permit verification of the eligibility of the tribe. Check only one box indicated whether it is a Federally Recognized, State Recognized, Terminated Tribe or Organized Indian Group. If Terminated Tribe or Organized Indian Group is elected, additional documentation is required and must be attached to this form.

- **Federally Recognized-** an American Indian or Alaska Native tribal entity limited to those indigenous to the U.S. The Department of Interior maintains a list of federally-recognized tribes, which OIE can provide you upon request.
- **State Recognized-** an American Indian or Alaska Native tribal entity that has recognized status by a State. The U.S. Department of Education does not maintain a master list. It is recommended that you use official state websites only.
- **Terminated Tribe-**a tribal entity that once had a federally recognized status from the United States Department of Interior and had that designation terminated.
- **Organized Indian Group-** Member of an organized Indian group that received a grant under the Indian Education Act of 1988 as it was in effect October 19, 1994.

Write the enrollment number establishing the membership of the child, if readily available, or other evidence of membership. If the child is not a member of the tribe and the child's eligibility is through a parent or grandparent, either write the enrollment number of the parent or grandparent, or provide other proof of membership. Some examples of other proof of membership may include: affidavit from tribe, CDIB card or birth certificate. Write the name and address of the organization that maintains updated and accurate membership data for such tribe or band of Indians.

ATTESTATION STATEMENT: Provide the name, address and email of the parent or guardian of the child. The signature of the parent or guardian of the child verifies the accuracy of the information supplied.
