96-Habilitative: The student is learning a NEW SKILL that they never possessed.

97-Rehabilitative: The student is REGAINING a skill that they lost.

Telehealth is modality of service using telecommunications and information technologies.

GT: Telehealth services provided “via interactive audio and video telecommunications systems.”

SERVICE DETAIL (DAILY):

1. Describe what actually occurred on the date of service. Ensure that the Service Detail Note (daily note) is sufficiently detailed to allow reconstruction of what transpired for each service billed.
2. Indicate the result of the therapy session (student's response).

Example of Service Note Detail: Worked on completing fine motor tasks with the use of the light board for visual cues. Student was able to explore shape blocks with each hand and place them into the shape puzzle with minimal assistance.

***Add to your note “Services were provided (location of service) during the COVID-10 shutdown”**

Occupational Therapy Assistant - 121 Telemedicine

MONTHLY SUMMARY (PROGRESS) NOTES:

1. Summarize (evaluate) the student's monthly progress toward your medical/health related goal.
2. Include any changes in medical/mental status and changes in treatment with rationale for change.
3. Service Detail (Daily) Notes and Monthly (Progress) Summary Notes must not match.
4. Must enter supervisor's name from drop down before you can submit.

Example of Summary Note: Focused on fine motor and fastener tasks this month, manipulated zippers, snaps, buckles, and buttons. Student responded positively to light box with objects were placed on the light box for manipulation. Student explored shape blocks and placed them into the appropriate puzzle holes independently. Will continue on shape matching to improve on consistency

RECORD KEEPING: Keep copies of all supporting documentation related to this service for a period of 8 years (FY+7) regardless of change in ownership or termination of participation in Medicaid.
