

Student Health – Physical Distancing During Health Emergency

Students, staff, volunteers, and visitors will strive to maintain social distancing, to the greatest extent possible, between themselves and other people throughout the school day in any District building and on District property before and after school. Staff members will arrange classrooms and restructure courses, transportation services, and food services to meet this standard to the best of their ability.

Authorized visitors to the school will strive to maintain a six-foot distance between themselves and others. The distancing requirement does not apply to individuals who are a part of the visitor's regular household isolation group when the visitor is authorized to be present at the facility.
