

ST. SEBASTIAN'S SCHOOL

COVID-19 Compact for Families

During the 2020-2021 school year it is imperative that students and families comply with certain safety standards in place relative to the health risks currently posed by COVID-19. It is required for students to adhere to the following safety measures, and to any future modification made thereto, in order to keep the St. Sebastian's campus as safe as practicable for all students, faculty, and staff.

Please check the following items and sign below:

I acknowledge that I have read the COVID-19 Shared Responsibility Statement

I agree to conduct daily assessment of my son prior to his arrival on campus, including determining the absence of fever and other symptoms consistent with COVID-19, which include any of the following:

- Fever of 100.0 F or above, or possible fever symptoms such as alternating chills and sweating
- Cough
- Trouble breathing, shortness of breath or severe wheezing
- Muscle aches
- Sore throat
- Loss of smell or taste, or a change in taste
- Nausea, vomiting or diarrhea
- Headache unrelated to a previously diagnosed condition

I understand that my son is to remain at home should he become symptomatic in any way and will report any exposure or illness consistent with COVID-19 to Jen Joyce in the Health Office. I further understand that I should be mindful of his close contacts in case the need arises to document his activities for up to 14 days prior to symptom development or a positive test.

I understand that I am obligated to report to the Health Office any travel outside of Massachusetts, with the exception of those states considered lower risk by the Commonwealth at the time of travel.

I understand that my son will be required to quarantine for 14 days if he has a documented exposure to COVID-19, lives with someone who is positive or presumed positive for COVID-19 or engages in at-risk travel.

I understand that my son is obligated to comply with the following safety measures currently in place in an effort to maximize personal safety and minimize potential risk of exposure while on campus:

- Practice physical distancing by maintaining a 6-foot distance between people when possible, while always maintaining a minimum of 3-feet
- Wear a cloth or surgical face covering at all times while on campus indoors, except while eating/drinking
- Engage in regular handwashing for 20 seconds and frequent hand sanitizing

I will refrain from hosting or allowing my son to attend gatherings of more than ten (10) persons outside of St. Sebastian's School
