Biography

I started teaching 1988 with Kindergarten kiddos then Elementary level mostly Science, Math, Reading, Practical Arts; High School level from Algebra 1 up to Trigonometry to Seniors and taught also Chemistry to the Juniors for a total of 14 memorable years of experience back in the Philippines. Then I tried my expertise and worked in Texas USA since 2002, and now am enjoying my 32nd total years of teaching.

Watching action movies and TV shows eat up most of my rest time away from teaching and is passionate in cooking, mostly eating Pancit, Adobo and now I have been enculturated by loving tacos and tamales.
