

**WEEK OF:** 9/14/2020 - 9/18/2020

**CLASS:** Health A, B, D, E, Blocks

**TEACHER:** Mrs. Lozano

**CONTACT INFO:**

[Orissa.lozano@thedeltahighschool.com](mailto:Orissa.lozano@thedeltahighschool.com)

509-416-7860 Ext. 5922

**OBJECTIVES:**

- Explain the differences between bacteria and viruses
- Explain the structural difference between bacteria and viruses
- List and explain the 5 types of pathogens
- Understand the difference between a pathogen and a disease
- Be able to categorize common diseases based upon the pathogen type
- Choose methods to prevent spread based on disease/pathogen
- Correctly identify method of spread and level of contagion in a disease

**CLASSROOM MEETING TIMES:**

- **A Block – Mon & Thurs, 1:20-2:00 PM**
- **B Block – Mon & Thurs, 2:05-2:45 PM**
- **D Block – Mon & Thurs, 2:50-3:30 PM**
- **E Block – Tues & Fri, 2:50-3:30 PM**
- **Adv – Tues & Fri, 2:05-2:45 PM**

**ZOOM LINKS:**

- Look for these in the Teams “General” channel of your Health class after 12PM, or 1 hour prior to your zoom start.

**YOUR ASYNCHRONOUS RESPONSIBILITIES BEFORE ZOOM LESSON #1:**

- Read or watch the videos assigned to explain levels of contagion. (Section1).
- List 2 things you can share that you understand.
- List 2 things you wonder or didn’t understand.
- **Show up with your real name – on your school computer.**
- Be ready to chat with your fellow classmates.
- Be early when possible.

**YOUR RESPONSIBILITIES AFTER ZOOM #1:**

- Use the Kahoot link and/or the Quizlet link in the packet to practice for the quiz on Friday.

**YOUR ASYNCHRONOUS RESPONSIBILITIES AFTER ZOOM #1:**

All items below can be found on the “Week 3 Packet” assignment in Teams.

- Pick one disease to research and share – May do with a partner.

### **YOUR ASYNCHRONOUS RESPONSIBILITIES BEFORE ZOOM LESSON #2:**

- Complete the reading and videos on Pathogens (Section 2&3)
- List 2 things you can share that you understand.
- List 2 things you wonder or didn't understand.
- **Show up with your real name – on your school computer.**
- Be ready to chat with your fellow classmates.
- Be early when possible.

### **YOUR RESPONSIBILITIES AFTER ZOOM #2:**

- Use the Kahoot and/or Quizlet links in the weekly packet to review the key concepts and prepare to take a mini quiz on this weeks concepts.

### **YOUR ASYNCHRONOUS RESPONSIBILITIES AFTER ZOOM #2:**

- Be sure to finish the packet and submit it.
- Post your FlipGrid video on the specific disease you looked into.
- Complete the Quiz in Teams when you are ready.

### **IDEAS FOR USING YOUR ASYNCHRONOUS TIME:**

- Research into different diseases.
- Check in with a peer and quiz each-other over the phone or via video call.
- Schedule a time to chat with Lozano.
- Search for other videos that are awesome that would help you or peers with the key concepts – then share them with Lozano and our team!

### **DUE DATES:**

- This week's packet and work are due Saturday @ 9 AM.

### **TEST DATES:**

- Self-quiz in Teams will be posted on Friday. Must be taken before Sunday night at 9 PM.

### **OFFICE HOURS:**

- Daily from 11:45 to 12:45 via teams or zoom. (See the "Office Hours" listed in the Class Notebook.)
- Please feel free to contact me via email, or messaging on teams.
- Remember that all zoom office hours are automatically recorded.
