

**Writing and Reading Center (WRC)
2020 – 2021 Peer Tutors**

To request tutoring during a specific class period, the student will either send an email to the peer tutor's Oxbridge email or message the tutor directly through Microsoft Teams. Students should be aware that they should plan in advance and should not wait to contact the tutor the day an assignment is due. After school, students are free to contact any tutor, but should not expect an instant response since tutors are not required to be online after the school day ends.

Peer Tutors
