

Eden Prairie District/School Family Engagement Plan 2020-21 School Year

The Mission of Eden Prairie Schools is to:

Inspire each student to learn continuously so they are empowered to reach personal fulfillment and contribute purposefully to our ever-changing world.

Eden Prairie is committed to providing a quality education for each child in our district. An integral part of our Strategic Plan is to “*engage our stakeholders to achieve our mission.*” A collaborative effort that includes staff, students, parents and community members should provide the support needed to meet each of the following Mission Outcomes:

- Each student will achieve personal and district expectations and be inspired to learn continuously.
- Each student will enthusiastically and confidently engage in the continual pursuit of personal goals and aspirations.
- Each student will proactively engage in actions that contribute to community.

In alignment with Eden Prairie Schools’ Mission and the Minnesota Department of Education requirements for any school with a Title I program, we are committed to providing programs, activities and procedures for the engagement of parents. These will be planned and operated after meaningful consultation with parents of children participating in the Title I program, and will include a School-Parent Compact.

In addition to our effort to provide ample engagement opportunities for all parent of students receiving Title I services, we also include parents of children with limited English proficiency, parents of children with disabilities, and the parents of migratory children. We are committed to providing information and school reports in an understandable and uniform format, including, to the extent practicable, alternative formats upon request in a language parents can understand.

If the Eden Prairie Schools’ plan for Title I is not satisfactory to the parents of participating children, the school district will submit any parent comments with the plan when the school district submits the plan to the Minnesota Department of Education.

Where applicable, Eden Prairie Schools will involve the parents of children served in the Title I schools in decisions about how the one percent of Title I funds reserved for parent involvement is spent and will ensure that not less than 95 Percent of the one percent goes directly to the schools.
