TUSD Families,

As we have started the year 2020-2021 school year with Distance Learning, we are pleased with the commitment of our students, staff, and families for the first month of school. The Tracy Unified School District has been watching the number of COVID-19 cases steadily decrease and as a result, the San Joaquin County Health Department is now accepting Reopening Elementary Schools Applications to all districts in San Joaquin County. Tracy Unified is in the process of sharing the proposed plan and will host two information sessions for parents and community, and information sessions with staff during the week of September 14, 2020. Please refer to the opportunities below to access information about the proposed TUSD Reopening Elementary Schools Plan for grades Tk-5. TUSD understands that there will be many questions regarding health and safety for students and staff when elementary schools are approved to reopen, and we will continue to ensure all school health and safety measures are aligned to current San Joaquin County Health Guidelines.
