Biography

I grew up in Brownsville, Texas. I went to the University of Texas at Brownsville for about two years until I transferred to the University of Texas at San Antonio where I got my bachelor's degree in Political Science. After graduation I got married and moved to Edinburg where I got my job with South Texas ISD. I have been teaching history here at STPA for 14 years. Along with teaching I enjoy reading, sewing, and playing games.
