Opportunities for Involvement

A. Annual Meeting

Parents will be invited annually to discuss our school-wide goals and plan for the year, expectations and opportunities for our students, resources available and ways that we can work together to support all CCSA scholars.

B. Title I Workshops

In accordance with the State Parent Advisory Council (SPAC), CCSA will hold workshops that target the areas of career awareness, personal development, parent/school involvement, life skills, and Title I rights and responsibilities of both the school and parents. Parents are given the opportunity to hear from experts in each of these fields and receive tools that can be applied instantly. The school will provide adequate childcare for parents who wish to attend these meetings but otherwise would not be able.

C. Parent/Teacher Conferences

The Chester Charter Scholars Academy will hold a flexible number of meetings at varying times that allow parents to actively engage with their child's teacher regarding their academic progress and next steps forward.

D. Community Partnerships

The Chester Charter Scholars Academy will maintain partnerships with The Chester Fund for Education and various community organizations in an effort to stimulate volunteer opportunities that build character, scholarship, craftsmanship, and purpose driven collaborations between our parents and staff outside of the classroom.

E. School-Wide Plan Involvement and Decision Making

1. The Chester Charter Scholars Academy will provide an opportunity each year for parents to participate as organizers and contributors in the completion of the Charter School's Annual Report as it relates to developing the school-wide plan for that current year.
