

## Curriculum contingency plan for Silverdale Primary Academy

**Academy Name:** Silverdale Primary Academy

**Principal:** Jonathan Morris

## Remote Learning Plan

### Individual cases:

Keep up to date with details on our school closure and Remote Learning Plans for EYFS and Years 1 to 6 via the Academy website.

If children are isolating at home due to a family member we would ask that they access home learning via the Oak National Academy, as well as accessing DoodleMaths, Reading Eggs, Spelling Shed and reading for pleasure.

### Academy closures:

In the case of a partial of whole academy lockdown we have been preparing to support pupils in a number of ways:

1. pupils in years 1-6 have been given a log-in to Doodle Maths, Spelling Shed, Year EYFS – 2 have a log in for Reading Eggs in addition to these;
2. year groups will post weekly home learning blogs on the website, these will be refreshed every Monday and have up to 12 tasks, related to the Year Group topic, for the children to work through throughout the week;
3. children will also be directed to the Oak National Academy (<https://www.thenational.academy/>).

## Year 1 to Year 6

Each class has a specific email ([classname@silverdaleprimaryacademy.org.uk](mailto:classname@silverdaleprimaryacademy.org.uk) (replace class name as necessary)) Please send examples of home learning to this email, teacher will respond as soon as possible:

1. the class teacher can view the completed work, acknowledge it and respond to it;
2. the work sent in can include videos, pictures, sound clips, which will make the work more interesting;
3. work can be set on a weekly basis;
4. pupils can direct questions to the class teacher.

We expect teachers to set an appropriate amount of work, about three pieces of work per day. This may include a reading activity, a maths task, a literacy activity and a topic activity.

We are also aware that connection to the internet and access to technology is not the same for all our families. Whilst it is better to access the apps or learning on a computer or tablet, access via a mobile phone is still worthwhile. If you are unable to access online learning, please contact the class teacher via the class email to arrange a hard-copy pack to be collected from the Academy

## **Reception**

In Early Years, the focus for the children's learning is different to other year groups; therefore, we will be supporting this using a different process.

Each week, a PowerPoint of activities will be uploaded to the school website, ([www.silverdaleprimaryacademy.org.uk](http://www.silverdaleprimaryacademy.org.uk)) with ideas for Literacy, Maths, Creative/Physical Development and Understanding the World every Monday.

We ask that you use these activities to support your child's home learning and if you wish, you could take photos of these or keep a scrapbook of your favourites to share when your child returns to school.

## Reading

In addition to this, we will be running a competition for all children, to encourage their love of reading. We are asking that children keep a list of all the story-books, non-fiction, comics or magazines that they read with you during their home learning. They can bring these lists back to school when we return and will receive a certificate of participation.

It is vital that the children are hearing stories EVERY day. If they have a reading book, please also take 5 minutes a day to hear them read this.
