

A message from the **Parkway Manor Health Office:**

"Coming together is a beginning, staying together is progress, and working together is success." – Henry Ford

The coronavirus has brought great challenges to our world. We as a society are learning to navigate safely through this pandemic. The health and wellness of the students and staff of Parkland School District is our primary goal. In order to keep everyone healthy and safe, we need to come together as a team. The nursing department are requesting your help for a few new guidelines in order to achieve this goal:

- Please share information with the nurse if your student or family had an exposure to someone who had a positive COVID-19 test.
- All information shared with the nurse is kept confidential and is not shared.
- **Please complete the Student Wellness Form daily.** If you answer yes to any of the questions, keep your child home and a nurse will contact you.
- **Please also use the Attendance line** to call out your child sick from school.
- If your child has any COVID-19 symptoms please keep your child home from school and contact the nurse. **You will be required to have a doctor's note in order for your child to return to school.** A current list of symptoms can be found here <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>

We thank you for your help in keeping our students and staff healthy.

Stay Safe!

Mrs. Schrimpe
