

Addendum #1
RFQ #20-011-651 Server Blades

1. We noticed that you are asking for a preconfigured blade, 813197-B21, which has 2x 2680v4 procs and a 20gb flexlom. They it's said that it needs to have 2x 2690v4 procs and a 10gb flexlom. Can you please clarify what exactly you need?

This is what we want to match

Blade Type	Server Blade
Manufacturer	HP
Product Name	ProLiant BL460c Gen9
Part Number	813197-B21

Processor Name	Intel(R) Xeon(R) CPU E5-2690 v4 @ 2.60GHz	
Embedded	HP FlexFabric 10Gb 2-port 536FLB Adapter	766490-B21
Mezzanine Slot 1	HP FlexFabric 10Gb 2-port 534M Adapter	700748-B21
Mezzanine Slot 2	HP FlexFabric 10Gb 2-port 534M Adapter	700748-B21

2. The bid specifies a product family that has been EOL since 3/2019. The Gen10 blades would be the replacement, but this product set too rapidly approaches EOL. If this can be specified for Gen10 blades it is still quotable
While the 9's would match the already existing 9's at the DR site, the 10's would be backward compatible. Cost would be our biggest reason. Nevertheless, WCRESA will review all proposals.
3. Found this RFQ---due to the AGE of these servers, can you consider REFURBISHED equipment here?
We would consider refurbished. WCREA is not expecting new.

4. Is the trade-In a requirement for the deal, or are you just trying to get a value for your older blades?

II. SERVER BLADE SPECIFICATIONS

A. Product Requirements

WCRESA is in need of **EIGHT (8)** of the following:

HP Proliant Gen9 460c server blade – part #813197-B21

- Two (2) Intel Xeon® CPU E5-2690 v4 @ 2.60GHz (14 core)
- 512GB RAM
- Two (2) HP mezzanine 10GB 2-port 534 cards – part number 700748-B21
- One (1) embedded HP FlexFabric 10GB 2-port 536FLB – part number 766490-B21
- One (1) embedded Flash/SD card

In addition, WCRESA has the following **EIGHT (8)** server blades to offer as trade-in:

HP Proliant Gen8 BL460C server blade – part #s 666157-B21(2), 666159-B21(2), 666160-B21(4)

- All blades are equipped with the following (either natively or upgraded to)
 - Two (2) Intel Xeon® E5-2640 2.50GHz (6 core)
 - 256GB RAM
 - Two (2) HP Mezzanine 10GB 2 port 554M cards – part number 647590-B21
 - One (1) embedded HP FlexFabric 10GB 2-port 554FLB – part number 647586-B21
 - One (1) embedded Flash/SD card

Please provide (in Attachment #2 below):

1. Purchase price for eight (8) Gen9 server blades as specified.
2. Trade-in value for eight (8) Gen8 server blades as specified.
3. Any other costs/considerations for the transaction.

Trade-ins are not mandatory. We will accept the best price whether or not it contains taking the Gen 8 blades as a trade-in.
