

Eanes ISD Transportation Update

Expanded in-person learning begins Monday, Sept. 21 and we are excited to welcome you back!

Transportation will look a little different, so please take a look at the following important information regarding Transportation services.

Students must bring their Smart Tag daily in order to check-in on the bus. This can help us with contact tracing and notifications, should a student or staff member test positive for COVID-19. New students will be able to board the bus and will receive their Smart Tag in their homeroom.

Please review bus protocols below to ensure the safety of your child and others.

Beginning Friday, Sept. 18 at 8am:

1. Check [Infofinder](#) for updated bus route information.
Note: To be efficient with limited resources, the district is scaling back the number of individual bus stops due to boarding procedures and health requirements. These limitations may increase the number of “consolidated stops”. **Do not assume your bus stop is the same as last year or the last two weeks; check Infofinder.**
2. Login to the [Smart Tag parent portal](#) and set your default afternoon dismissal. Smart Tag will default your child to a car rider unless you selected bus transportation in the August 6-11 Survey; please change if that is not your preference. This window of time to update this information will close on Monday at 8am. If you do not know your Smart Tag login, please use the “Forgot email/password” feature in the parent portal. For videos, FAQs and the Smart Tag Parent Guide, visit <https://www.eanesisd.net/parents/smarttag/dismissal>.
