

RETURN TO CAMPUS INFORMATION/PREPARATION FOR YOUR FIRST DAY ON CAMPUS

This information was shared with students on September 16 and 17, 2020.

Gentlemen,

Below is some information that is important for you to consider as you prepare to return to school next week:

Preparation for your First Day of School on Campus

- If you have an Apple iPhone, please download the Servite Medical Pre-Screening Application from the Apple App Store. Please answer the COVID-19 Medical questions every morning before you come to school
- If you do not have an iPhone, don't worry, a staff member will ask you the medical questions when you come to campus
- Bring your Servite Student Identification Card the first day of school and every day thereafter

Arrival on Campus

- When you arrive on campus, please put on your face mask before you exit your vehicle.
- Students must wear a solid colored or Servite branded face mask. Medical studies have recently determined gaiters, bandanas or other types of face coverings are not effective and, as a result, are no longer authorized to be worn on campus
- Unless told otherwise by a school staff member, wear your mask properly at all times while on campus. This includes covering both your nose and mouth
- Please be mindful of social distancing requirements and remain six feet away from other students
- Depending on where you park or are dropped off, please line up in one of two lines, either along the theatre or along the gym
- Proceed to one of the medical screening/check in stations near the school's front gates and follow the staff member's directions
- You will be issued a Servite Lanyard. Place your Student Identification Card in the plastic envelope and place the lanyard around your neck. You are required to wear your lanyard whenever you are attending classes on campus

Lunch Period

- In effort to maintain social distancing requirements, you may eat your lunch in the lunch area, the Quad, around the Grotto or Library entrance.
- In an effort to keep the classrooms clean/disinfected, students are not allowed to eat their lunch in classrooms
- Please wash or sanitize your hands before you eat. Hand sanitizer stations will be placed in lunch areas
- Please be mindful that classes will still be in session during your lunch period. Therefore, please keep your voices down and refrain from loud or disruptive behavior

Classroom Expectations

- Hand sanitizing dispensers are available as you enter every classroom. Please use the hand sanitizer every time you enter and leave a classroom
- Wear your mask
- Do not share school supplies with other students
- As always, follow your teacher's directions

We have all worked very hard to return to campus. Following these simple rules will help keep you and the entire Servite Community safe.

Please feel free to contact me if you have any questions about these or any other issues.

We look forward to seeing all of you on campus next week!

Credo,

Jack Conklin
Dean of Students/Director of Priory Leadership
