

ST. JOSEPH'S INSTITUTION INTERNATIONAL

Meet your NEW Class and Country Representatives

We are pleased to announce the launch of our alumni association class and country representatives programme and introduce you to our 'Inaugural Batch'. Under the leadership of President Dhanesh '14 and Vice President Bryan Oh '12 these alumni have volunteered to help launch this programme so that we can keep alumni living in specific countries or alumni in specific classes connected with each other and the school; and also communicate regionally through alumni leadership in specific countries in the world.

The Role of a Class Representative is:

The primary responsibilities of the class reps are to foster connections between alumni, and between alumni and the school by sharing news, information, and updates supplied by the alumni association with alumni in their class year and encourage alumni to take advantage of and participate in alumni association programmes and benefits.

The primary responsibilities of the country reps are to foster connections between alumni in specific countries by encouraging participation in attending regional alumni events, and to share alumni association and school news to encourage engagement and support of the alumni community and the school.

The Role of a Country Representative is:

Get in touch with your class and regional representatives at SJI International Connect - the professional network and Directory Platform (connect.sji-international.com.sg).
