

Wesley International Academy

# ATHLETIC PROGRAM

## Overview

Wesley International Academy offers a variety of sports to our Middle Years Programme (grades 6-8), including flag football, volleyball, basketball, baseball, soccer and cheerleading. All sports are competitive and students are required to try-out to earn a position on any sports team. In the last several years, our MYP athletics program has grown exponentially.

It is our expectation that all Wesley athletes perform with excellence both in academics and behavior. In order to participate in sports, students must maintain a strong academic status, submit all paper work including, sports physical, registration form, transportation waiver and Parent Code of Conduct. We strongly incorporate the IB attributes and The Wesley Way as an integral part of our athletics program.

## Fees

Athletic fees are \$125 per sport, with the exception of cheer as they perform for two sports. See cheer flyer for specific details. All athletic fees are due prior to the first game.

## Eligibility

Competitive athletics are offered to our students in our MYP Programme (grades 6-8) only. Students must be in good academic standing, not failing more than two classes. Students are NOT allowed to tryout if they have failed two classes the prior semester or may be deemed ineligible for sports spanning across first and second semester. If students fail two or more classes in the spring, they are ineligible for fall and winter sports and if they fail two or more classes in the fall, they are ineligible for spring sports.

Eighth grade students are eligible to try out for their respective high school teams if that sport is NOT offered at Wesley. Example: Students may play Lacrosse at Maynard as Wesley does not offer that sport option. However, if students are invited, they may participate with their respective high school teams once their season has ended and their obligation to Wesley has been fulfilled.
