## Fall 2020 Youth Programs

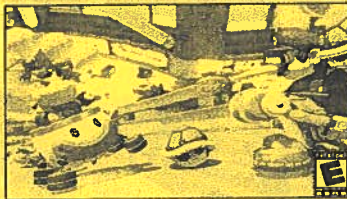

### SLP ESPORTS

Esports provides amazing opportunities for kids to interact and socialize in ways that can foster leadership and problem-solving skills by working through adversity and achieving goals as a team. This program is an opportunity to bring kids together in a non-traditional competitive setting that can have many of the same emotional and mental benefits as traditional athletics.

We will continually be creating and hosting different esports events, so keep an eye out for new opportunities to participate!!
