

UNIVERSITY OF DETROIT JESUIT

HIGH SCHOOL AND ACADEMY

COVID-19 Screening Tool for School Staff & Visitors

In light of the current pandemic environment, and for the safety of the University of Detroit Jesuit community, all visitors/faculty/staff are required to complete the following screening health questionnaire prior to his/her appointment or entry to the work site.

Do you have:

YES	NO	
_____	_____	A fever? (Temperature greater than 100.4° F)
_____	_____	A new or worsening cough?
_____	_____	Shortness of breath/difficulty breathing?
_____	_____	Runny nose and/or congestion?
_____	_____	Body aches and/or tiredness?
_____	_____	Vomiting and/or diarrhea?
_____	_____	New loss of smell or taste?

If the answer to any of the questions above is “yes”, stay home (or return home) and consult your primary care physician.

If a doctor determines that your symptoms are due to another diagnosis, or COVID-19 is ruled-out, you may enter the school after being fever-free for 24 hours *without* the use of fever-reducing medications.

YES	NO	
_____	_____	Have you had close contact with anyone who had a positive COVID-19 diagnostic test in the past 14 days?
_____	_____	Have you flown domestically or traveled out of the US in the last 14 days?

If the answer is “yes” to either of these questions, you must stay home to quarantine for 14 days since last contact or return from travel.

I attest that my answers to the above questions are truthful to the best of my knowledge.
