

Same Day Ordering Process

Same Day Orders Cannot Be Cancelled After Submitting

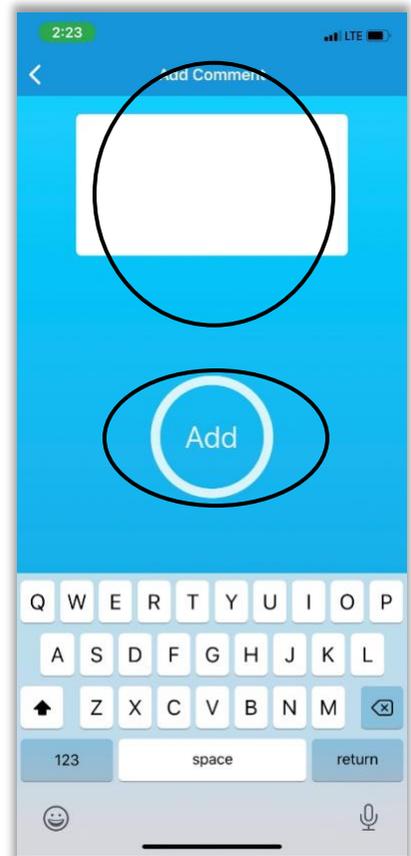

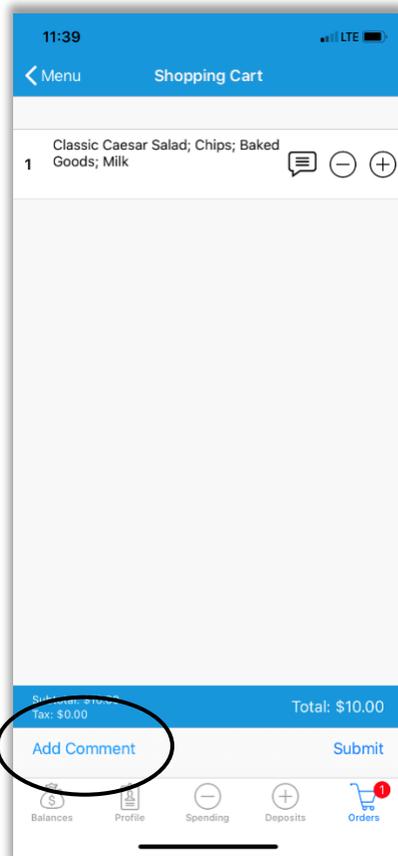

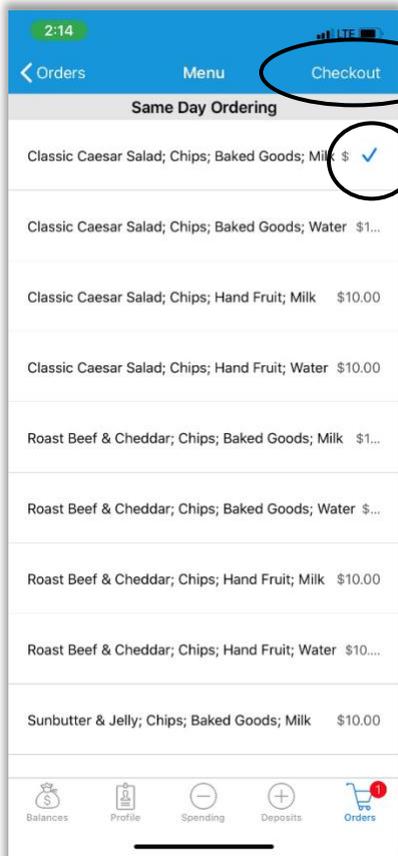

1. Open the MyKidsSpending App on your smartphone or tablet and enter your username and password.
2. The first screen will be an overview of your account(s). If you have multiple students, select the applicable account for this order.
3. The next screen will show your current balance and will also show a button for adding funds. Please make sure you have sufficient funds in your account or you will not be able to process your order. To get to the order screen, click on the “Order” cart at the bottom right of the screen.

4. The Category page will appear. There is only one category: "Same Day Ordering." Select "Same Day Ordering."
5. The menu page then appears. The format for the menu is fairly simple. Since these are complete lunches, all selections are within one menu choice. For example, if you wanted to order a Caesar salad for your entrée and wanted chips and a baked good as your side/dessert with a bottle of water, you only need to select the menu items that list all of those together.

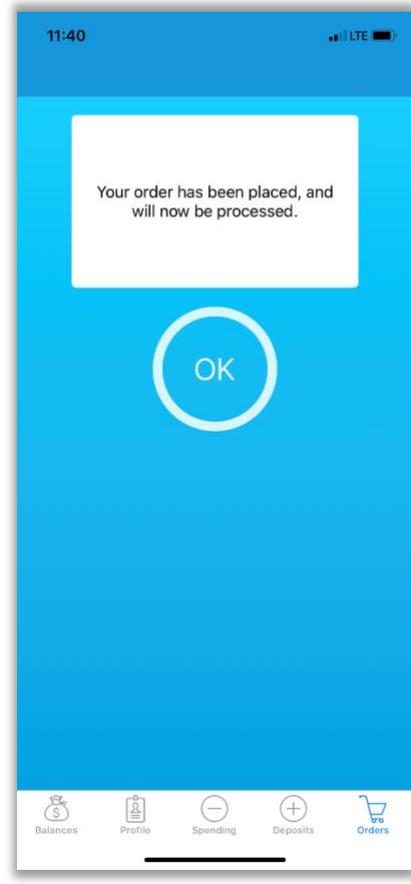

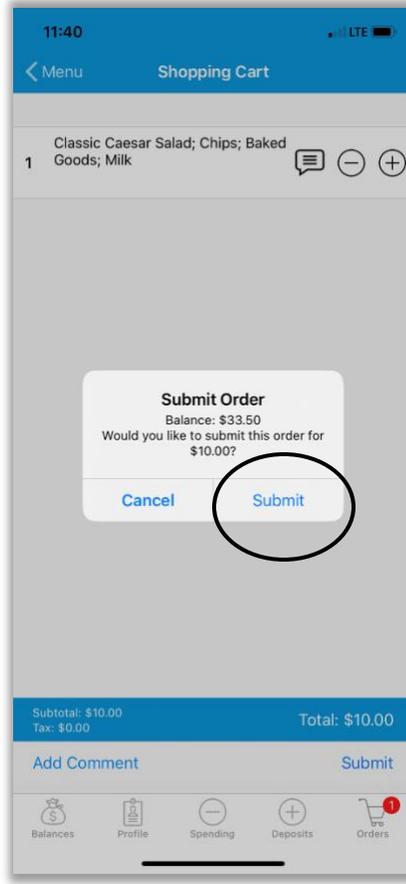

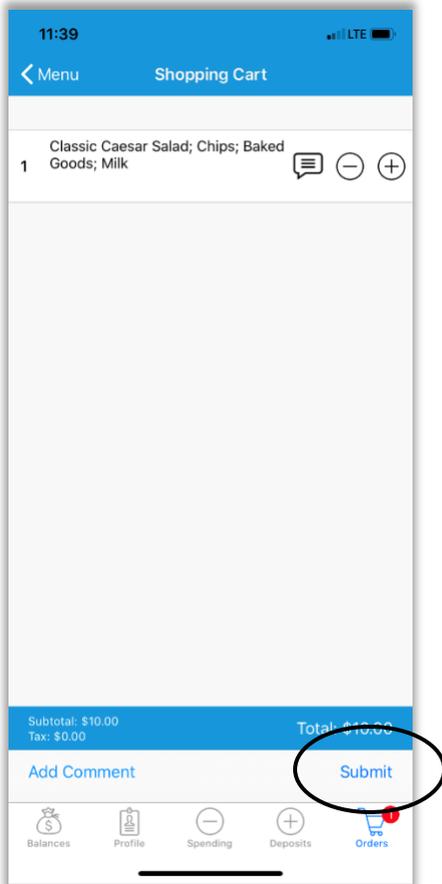

- Once you have made a selection, a checkmark will appear next to your selection.
- Select "Checkout" at the top right of the screen.
- Click "Add Comment" at the bottom left of the screen to enter any allergies or dietary restrictions. Once the information is entered, click "add."

9. After adding the comments, it will return to the checkout screen. Press “Submit” on the bottom right.
10. You will be prompted to confirm your order. Click “Submit” again and a confirmation screen will appear. Now you are all done!
