

Apprenticeship Training

Four-Year college not for you? You like working with your hands and learning while you work? Don't want to have student loans? Like the idea of earning a high wage and have great benefits while you are learning and not having to pay for your training? If you said yes to all of the above then apprenticeship training might be right for you. Washington State has one of the best apprenticeship training programs in the country. If you would like to learn more about how to become an apprentice and what programs are available please click on this link, <https://lni.wa.gov/licensing-permits/apprenticeship/become-an-apprentice>

The Puget Sound Naval Shipyard also offers many apprenticeship training programs. You can find more information at this link,
