

Military Information

There are three ways to enter the military.

1. Direct Entry- <https://www.usa.gov/join-military - item-35347>
2. Reserve Officers' Training Corps- <https://www.bestcolleges.com/resources/rotc-programs/>
3. Academies- <https://www.bestcolleges.com/resources/rotc-programs/>

With direct entry you will want to contact your local military recruiter and set up a meeting. Before you go it would be a good idea to go to this website, <https://www.todaysmilitary.com/careers-benefits/explore-careers>, and figure out what careers might interest you in the military. If you decide you want to join you will need to take the Armed Services Vocational Aptitude Battery (ASVAB). You can usually take this at your high school or arrange to take it with your recruiter. The ASVAB scores are used to see what job or career training you will be eligible for when you enter the military. The higher your score the more options you will have. It is always a good idea to go online and take a practice ASVAB before you officially test.
