## Graduating IB Diploma students

# Curriculum

The Secondary School curriculum (Grades 6 to 12) is guided by the IB Middle Years Programme (MYP) and Diploma Programme (DP). Grade 11 and 12 students select from one of three pathways to graduation: the full DP, DP Courses, or the ISHCMC High School diploma, with all students participating in and completing the CAS (Creativity, Activity, and Service) program. DP candidates must also complete coursework in Theory of Knowledge and an Extended Essay.

# Grading

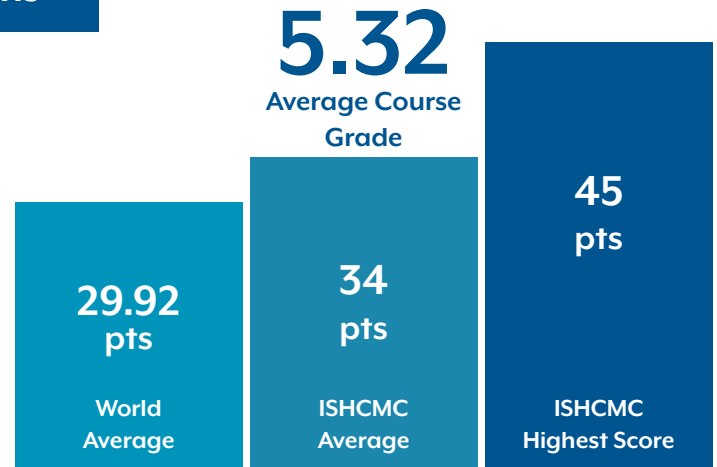

Grading is on the IB 1-7 scale and we do not calculate GPAs for our students. In cases of transfer students, prior courses at other schools are considered in determining passing credits towards graduation. Official records from prior schools will be attached but we do not take responsibility for verifying their accuracy.

Class Rank: ISHCMC does not rank its students.

The blue bars represent ISHCMC student results and the yellow line represents world IB Averages.

## Diploma Predicted 2019-2020

Bubbles on the diagonal line indicate candidates who were predicted and awarded the same total points. Bubbles above the diagonal line indicate candidates for whom the awarded total was higher than the predicted total. Bubbles below the diagonal line indicate candidates for whom the awarded total was lower than the predicted total.

Correlation co-efficient: 0.91

## IB Middle Years Programme

The IB Middle Years Programme (MYP) is the ISHCMC curriculum framework for Grades 6-10. Students follow courses in eight subject areas and learn via interdisciplinary units in each grade. Students also learn via Service as Action as an integral part of the programme. The MYP is recognized by Ofqual (the official regulator of examinations in England) as a high quality programme in education alongside equivalents like the IGCSE.

A significant part of the final two years of the MYP is the Personal Project, a self-directed inquiry conducted over ten months on a topic of their choice. The students' reflective reports that draw on their process journals throughout the Project are externally moderated. From the 82 Grade 10 students in 2019-20, the average score was 4.50 on a 1-7 grade scale, compared to the global average score of 3.86.

## Advisory/House

Every student at ISHCMC is assigned an advisor who assists the student in achieving their personal and academic goals. The advisor acts as both teacher and mentor to the student. Advisory is a place where students become connected – engaged in their school, feel a sense of belonging, develop a nurturing relationship. Advisory sessions cover topics relevant to the students' well-being, providing a culture of care and safety. All students meet in Advisory every morning and afternoon.

## Mindfulness

Each day students and faculty participate in five minutes of Mindfulness. Through Mindfulness, the community focuses on an awareness of the present moment, recognizing our feelings, thoughts and sensations. As a result, we hope to achieve better balance in our lives and greater understanding of our thoughts and feelings and concerns for others.
