

Elementary Alternate Schedules

We have reevaluated **scheduled** Early Dismissal and Delayed Opening schedules to consider the impacts on AM/PM cohorts. To minimize the impact on either cohort, we will be alternating Early Dismissal and Delayed Opening schedules for these planned days.

Scheduled Early Dismissal Days: There will be no in-person AM or PM session. Both A and B cohorts will participate in remote learning from 9:00 am - 1:40 pm (HH 8:15 am - 12:55 pm). The day will start with a live morning meeting for the whole class (both cohorts).

On early dismissal days, buses pick up students from the high schools at 11:40 am. These same buses would have to pick up AM Cohort students from their schools by 10:30 am, in order to complete all bus routes home. Instructing both cohorts remotely gives all students the maximum instructional time with their teacher.

We recognize it may be difficult for some PM Cohort students to join a synchronous, online lesson scheduled for the morning. While we hope that families will be able to plan for this change on the scheduled days, PM Cohort students will be marked present as long as they log in to Google Classroom at any time during the day.

Scheduled Delayed Opening Days: There will be no in-person session for AM cohort and no remote learning for the PM cohort. The PM in-person session will begin at the regularly scheduled time and PM cohort buses will run on their regular schedule. The AM cohort will participate in remote learning in the afternoon on their regular schedule.

Attached are the alternate elementary schedules for scheduled early dismissal days, unplanned early dismissals and delayed openings.
