536 COMMUNITY NIGHT

I. PURPOSE

The purpose of this policy is to establish Wednesday night as community night.

II. GENERAL STATEMENT OF POLICY

The school board recognizes the importance of reserving one night per week for scheduling school, church, and other community activities. Therefore, it is the policy of the school board to establish Wednesday night as community night. No school events should be scheduled on Wednesday evenings if it is at all possible. Coaches and activity directors are to cooperate with community groups by permitting students who are participating in both school activities and community activities sufficient time to reach their destination on Wednesday evenings.
