Fall 2020 100-Day Plans

- *District Focus Area Number One:* 100% of D205 PLC teams will turn in minutes indicating if they spent time on each of the following in their PLC teams: learning, assessment, interventions and extensions. By December 2020, 100% of D205 PLC teams will be spending 70% of their PLC time on assessment, interventions, and extensions.
- *District Focus Area Number Two:* By December 2020, 100% of D205 PLC teams will select and have a common understanding of proficiency for the two most impactful reporting standards (i.e., [Power Standards](#)) and provide personalized interventions and extensions for all students for these two standards.
- *District Focus Area Number Three:* By December 2020, 100% of instructional coaches, principals and assistant principals will be trained to support and lead identified technology integration strategies that promote rigor, personalization of learning, feedback and student engagement.

Organizational Goals—Finance

- The District will regularly analyze resource allocation priorities to ensure that they are research-based and support District KPI's, learning and teaching priorities, and the professional learning necessary to build the capacity of personnel to positively influence student growth
- The District will strive to maintain the highest category of financial strength, Financial Recognition, by the Illinois State Board of Education on its annual School District Financial Profile report. The District will strive to maintain an operating fund balance no less than 26% of operating expenditures in accordance with Board policy, and avoid short-term borrowing to fund operations
