

Dash Robotics

Offered to Grades 1 & 2

A USB rechargeable robot smart enough to respond to voices and sounds. Dash can dance and sing, which makes for a fun and interactive learning experience. Kids 6+ can give Dash Robot voice commands and explore loops, events, conditions, and sequences with the five free apps that come with Dash Robot. It's more than learning to code. Dash robot offers an open-ended learning platform that makes tech knowledge simple and accessible, helping kids grow into confident creative architects.
