

# LEGO® MINDSTORMS® Education EV3 Robotics

Offered to Grades 6 – 10

Interstellar Inspiration

Hands-on, cross-curricular solution that engages and challenges Middle and High School students to practice their STEM and robotics skills in a 'near real-world' environment. Easily adaptable to fit any learning environment, MINDSTORMS EV3 offers the opportunity for confidence-boosting in-depth study, preparing students to pursue further education in computer science, engineering and other related areas.
