NOTRE DAME PREPARATORY RESPONSE TO COVID-19

Notre Dame Preparatory (NDP) closed its physical campus after spring break on March 16, 2020, in response to the state quarantine mandates. NDP quickly moved to an emergency distance learning model and continued this for the remainder of the Spring 2020 semester. Technology is used extensively on our campus, with all students required to provide their own laptops or tablets as their primary education device. This requirement facilitated a smooth transition to emergency distance learning for our students. All students received letter grades for all core classes and were offered the opportunity to choose Pass/Fail for elective courses only. The Pass/Fail option did not factor into their GPA. NDP graduation requirements for the class of 2020 were not altered; however, for the class of 2021, the NDP science requirement was reduced to three credits, allowing seniors who have taken Biology, Chemistry, and Physics or Physical Science the opportunity to have one less class on campus. The Fall 2020 semester at NDP began in an online learning model per state mandate. We offered a hybrid model beginning September 2020 (50% capacity on campus), allowing students the option of remaining fully online. We have 7% of our students remaining fully online. We will return to 100% of all students on campus every day when permitted.
