Helen O'Grady Academy

The only organization of its kind in Morocco offering a unique development program that really works. The International Helen O'Grady Drama Academy develops all young people. We're a place where all our students, from the shy to the outgoing can develop at their own pace, with plenty of positive encouragement. We believe that enthusiastic students who learn to speak out clearly and relate confidently with others will have an inside track to lifetime success. Using Drama and having FUN remain key to the Academy's success because we believe that "a lesson learned through fun ... is never forgotten. It stays with us forever".
