### Biography

Hi, my name is Daren Trevino. This is the start of my 12<sup>th</sup> year teaching at Preparatory Academy. Currently I teach Biology and have been doing so for 5 years now. I love getting to know my students and having a share in preparing them for high school and beyond. It is my goal to help them develop a love and fascination for Science. I have been happily married for 14 years to my wife Iliana and we have 2 daughters named Isabella (age 10) and Sofia (age 8). We enjoy traveling and spending time playing games and sports.
