

# CE CLASSES

**At-a-Glance**

Concurrent Enrollment (CE) courses allow students to gain college and high school credit. Courses are offered to juniors and seniors with some exceptions to sophomores (indicted by \*) and seniors only (indicated by \*\*). It is the student's responsibility to admit to the university offering the college class and pay all applicable fees. Students must have 90 percent attendance and receive a C grade or higher to receive college credit. Grades post to the student's college transcript and students must transfer credits to college of their choice after high school graduation. CE classes require a textbook rental or purchase. See the CTE Coordinator in the counselling office for more information.
