KEY	A4.01	The school implements a tiered instructional system that allows teachers to deliver evidence-based instruction aligned with the individual needs of students across all tiers.(5117)	Implementation Status	Assigned To	Target Date	
<i>Initial Assessment:</i>		2017-18-Currently, the master schedule has a Tier II intervention time built in for grades 1-5. There is no Tier III intervention time built into the master schedule. Currently, we have 2 weekly PLC's. One focused on planning and the second focused on Tiered students. Core reading instruction consist of Guiding Reading and resources are used every	Limited Development 06/09/2017			

year to upgrade our guided reading library.

2018-19- Last year we began to implement a Tier 3 time for Reading and Math- both 2x a week. This year we are looking to increase the time for our Tier 3 programs to 4x week each for math and reading. We still have a weekly planning PLC and a second MTSS PLC that meets 2-3 times per month.

2019-2020 Our Tier 3 time will continue this year with a decrease in time from 45 min. to 30 min. and no student will be pulled out of any CORE instruction for this intervention. Our Tier 2 time is embedded at the end of our CORE time. We increased our CORE time from about 90 min. to about 120 min. Tiers 2 and 3 will occur 4 times a week for Math and Reading. We still have a weekly planning PLC and a second MTSS PLC that meets 2-3 times per month

2020-2021-We have scheduled 1 30 minute intervention time for every 2 days of instruction (due to Covid 19) for grades 1-5 in the area of Reading. This will serve our Tier II students. As we gain more data (which we do not have from March-May of 2020) we will add time for our Tier III students. Currently all Tier III students have been invited to attend school 4 days per week while the majority of students only attend 2 days per week face to face.

How it will look when fully met:

When fully implemented, we will have an efficient intervention process in place that provides intervention to students, has a progress monitoring and data analysis system, and has fidelity measures.

The master schedule Currently includes a daily Tier II and Tier III intervention block for 1st-5th. Direct instruction programs are being implemented in grades 3rd-5th for Tier 3, Number Worlds and Corrective Reading. Our MTSS PLC involves reviewing/analyzing student data. A systematic process to move students through the Tier process and Direct Instruction program is completed in PLCs and also through the MTSS Academic Goal Team which was created last year.

This school year we are planning to increase the effectiveness of our Tier 3 interventions for grades K-3rd with our Letterland Intervention Kit. We will continue to implement the MTSS Academic Goal Team to review individual student Tier 3 data.
