THE ACADEMIC PROGRAM

Sixteen Advanced Placement courses are offered including Biology, Calculus AB, Calculus BC, Chemistry, English Literature and Composition, English Language and Composition, Environmental Science, European History, French Language and Culture, Macro and Micro-economics, Physics, Spanish Language and Culture, Statistics, US History, US Government and Politics. Additional Advanced Placement courses are also offered through Virtual High School.

Dual enrollment courses are offered in International Relations, World Religions, Entrepreneurship, US History, and Statistics through the University of Connecticut, Sacred Heart University, and the University of Iowa. Other courses include: Mandarin (Levels 1-4), Catholicism in Culture, Principles of Engineering, Sports Medicine, Theatre, Robotics and Automation, Aeronautical Engineering, Broadcast Journalism, and Contemporary Political Philosophy.

Theology:

Each student is responsible for an annual course load of six or seven credits including Theology. Theology is as demanding as any other college preparatory course. We encourage colleges to include it when calculating a grade point average.

Francis Xavier International Scholars:

This program organizes several domestic and international cross-cultural immersion trips each year to such places as China, South America, Central America, and Europe. Participating students engage in a minimum of two immersion experiences and complete requisite courses in addition to world language study.

FUTURES Program:

Juniors and Seniors are given an opportunity to explore their career interests in medicine, technology, law, business, education, etc. through a series of short seminars with alumni and parent professionals. Seniors are then given the opportunity to intern in a field of interest. All are trained in business ethics, etiquette, and the importance of maintaining a positive on-line presence.
