

SQUADS AFTER SCHOOL

the newest program from  iD Tech

T-Mobile™

Scholarships Available *NOW!*

T-Mobile and iD Tech are teaming up to sponsor 40 students from the areas of Seattle, Washington or Overland Park, Kansas to experience the world's top technology camp. Selected applicants will participate in one Squads After School Experience, a Women's Panel, and a virtual tour of T-Mobile's tech offices. Program will run October-December 2020.

Squads After School

Schedule

One day a week

Join your squad online for 90 minutes of social learning per session, once a week for 4 weeks.

Curriculum

Hot tech topics

Choose from courses in Python, Java, Minecraft, AI, Unreal, 3D modeling, Roblox, and more.

Small Classes

For big success

5 students max per instructor, blending personalized learning and social time.

Courses include

MINECRAFT

Who should apply?

- Girls ages 13–17
- Reside in the Seattle, Washington or Overland Park, Kansas area
- Have a desire to learn tech. No prior experience is needed
- Computers may be provided to eligible applicants

Why iD Tech

We live and breathe EdTech.

The only online tech educator with 20+ years of experience.

Silicon Valley-based family company that has perfected the art of in-person and online education.

Proprietary curriculum designed to engage students and build their confidence with tech.

Tech Rockstar Instructors

We retain our finest staff from our worldwide programs to teach online.

Stanford, Caltech, NYU: Our elite talent comes from the top universities.

Meticulous background and reference checks.

All-adult instructors (no high schoolers or Counselors-In-Training).

Squads After School

- Interactive STEM enrichment during social distancing
- Fun, collaborative sessions actively engage your children
- Live online instructors teaching in-demand tech topics
- Multiple start days available to fit your schedule

Deadline is October 5, 2020.
