

Insight Human Services

We believe prevention is about empowering children and their families to live healthy, happy lives.

Our mission is to offer the highest quality care to reduce the negative impacts of substance use disorders and mental health issues in the communities we serve.

Partnerships

- Schools & Child Care Centers
- Law Enforcement
- Health Department
- Senior Centers
- Faith Based Community
- Other Youth Serving Agencies
- Substance Use & Mental Health Agencies
- Libraries

What Services Do We Provide?

- We offer evidence-based prevention programs and collaborate with law enforcement, community coalitions, schools, faith-based groups, and other agencies with the goal of bringing awareness and education to the communities that we serve in.
- Topics include underage drinking, responsible alcohol consumption, tobacco/vaping use, and medication safety.
- Evidence-based prevention programs help to develop core skills that include self-esteem building, problem solving, anger management, goal setting, conflict resolution, decision making, communication skills, and peer pressure refusal strategies.
