Core Function: **Dimension A - Instructional Excellence and Alignment**

Effective Practice:		High expectations for all staff and students			
KEY	A1.07	ALL teachers employ effective classroom management and reinforce classroom rules and procedures by positively teaching them.(5088)	Implementation Status	Assigned To	Target Date
<i>Initial Assessment:</i>		Currently using professional learning communities to address and perfect best practices, behavior monitoring systems are in place, classroom walk throughs are currently being scheduled. Parent/student intake meetings are conducted for enrollment/intake. Teachers are reviewing the expectations and rules posted in their classrooms quarterly and as students are enrolled. The behavior tracking system has been updated to track both positive behaviors and behaviors that need improvement. High school utilizes a bounce room to help manage classroom behaviors to prevent unnecessary office referrals and reduce behavior escalation. (some parts limited due to COVID)	Limited Development 09/14/2017		
<i>How it will look when fully met:</i>		Reduce the number of Out of School suspension days by 10% based on the 2017-2018/baseline school year data. Every staff member consistently and effectively utilizes the behavior progress monitoring systems for positive behaviors and behaviors needing improvement. 100% of staff will have classroom procedures and policies posted. Common areas (ie. Cafeteria, Hallways, Gym, etc) will have general school procedures posted. For the mental health training component, pre and post surveys will be conducted and classroom walk-throughs will be utilized to determine the fidelity of implementation of the new evidence based strategies. 100% of the staff will participate in the training and implementation.
