

Health Screening Procedures for Students

Screening for Bus Riders

- Students will be screened by staff member before they exit the bus
- If symptomatic (fever above 100.4) students will be assigned to an isolation room
- Parents/guardian will be notified to pick up student
- The school nurse will be identified for students experiencing **multiple symptoms**
 - Fever (100.4 or higher)
 - Chills
 - Shortness of breath or difficulty breathing
 - New cough
 - Loss of taste or smell
- Students who are not symptomatic, will walk to the WECHS building and will report to their first period class. Students must use crosswalk and then use the sidewalk to enter the side door to the lobby.

Screening for Car Riders

- Students can begin arriving at 8:30
- Students will be screened by staff member before they get out of the car
- If symptomatic, do not get out of the car
- Must wear masks before entering the building
- Will be directed where to report in the building
