

RETURN TO SCHOOL TASKFORCE UPDATE

SCHOOL BOARD UPDATE

OCTOBER 5, 2020

As a community we need to **begin planning** for what our next steps will be while diligently paying attention to our **primary responsibilities of education, health and safety**. I am acutely aware of the varying opinions about whether we should or should not start returning some students to in-person learning. **My commitment is to walk through this process with care and attention to the details** required so that our students are learning in **classrooms that have the required mitigating measures in place**, our staff are working in an **environment that demonstrates the commitment to their well-being**, and our **community has confidence** that we are taking responsibility for our role in reducing the spread of the virus.

School Operations	Technology, Data, Instructional SW	Facilities	K-I Teaching and Learning	Staffing	Nutrition
Sue Anne Sullivan & Rick Burden	Mindy Mallon, Forrest Baker & Tim Krieger	Brian Buck	Kelly Pease & Jen Rose	Sam Yuhan	Chris Brenengen
