**VII. New Business**

Presentation (22 minutes) by Heather Conkle on SHS Dashboard and CSI for SHS this year. Handout of slideshow she presented was provided. This same presentation will be given at many other site-based meetings/venues coming up. Parts that were covered by Christine Foote at this meeting were left out of Heather's version to SSC to avoid duplication of information, but will be included at future presentations. Information shared by Heather about APEX Credit Recovery -- 1,587 credits have been recovered by students this school year already as of 3 weeks ago. Another interesting fact: when ELL students reach the point of being reclassified they then outperform the general population on testing in both Math and ELA. Q&A session followed. Motion to accept Dashboard Presentation.
