

2020-21 Town School Bus Ridership Agreement

We will be offering transportation following the DPH guidelines with assigned seating, social distancing, mask wearing, and increased ventilation.

The **Community Health Pledge** also applies to participation in our bus program. We ask families who will be participating in bus service to sign this additional agreement, acknowledging the particular, additional aspects of riding the bus to school, as we aim to protect our community health and safety. For COVID-19, the bus is an extension of our campus. The health and safety guidance we follow at school starts on the bus ride to school.

Please note that we will still be sharing ridership with The Hamlin School. All students will have assigned seats and be socially distanced.

Please read through as a family and abide this **Bus Ridership Agreement**:

- I will health screen my son(s) at home, complete the Magnus Health app, and receive online certification to ride the bus/attend school **every morning before he/they board the bus.**
- I will not send my son to ride the bus if he has a fever over 100.3, any sign of illness, or any recent exposure to a confirmed case of COVID-19.
- My son will have his Town cloth mask on at all times while he boards, rides, and gets off of the bus
- My son will remain in his assigned seat while riding the bus, where he will be socially distanced from other riders. [Siblings](#) may sit together per DPH guidance.
