

## 2020-21 Bus Transportation Behavior Contract

(To be completed by student and parent)

**Student Name:** \_\_\_\_\_

We have reviewed the program understandings and behavior expectations for the bus transportation system listed below. We understand that all Town students are expected to behave in a manner that reflects the inclusiveness of the Town community and all general school rules. We have reviewed that time on the bus is considered part of the school day. We understand that the bus company also can determine whether or not a boy's behavior makes him eligible to continue riding on the bus.

- Families and students should arrive at their bus stop five minutes before the expected arrival time. The bus will depart five minutes after arrival and is not responsible for students who arrive late.
- Students are expected to enter the bus, take their assigned seat, and put on their seat belt. They may not stand up or change seats for the duration of the bus ride.
- Saving seats is not allowed. Students are expected to be welcoming and kind to boys across the grades.
- Students need to listen to all instructions and requests from the bus driver.
- Students are expected to talk in regular voices, without shouting or other loud noises. Students may only listen to music with headphones, if approved by and provided by parents.
- **Eating is not allowed on the bus.**
