ACADEMIC OPTIONS

Eastlake High School strives to provide challenging and engaging instruction in every class, every day. Teachers challenge students to learn, while supporting them in this process through a safe, personalized and inspiring culture.

Students can take advantage of Honors, Advanced Placement, University of Washington in the High School and CTE Dual Credit (earning community college credit while enrolled in classes at Eastlake High School) classes. They can also access full or part-time Running Start (dual enrollment program where college courses are taken at local community colleges) or WANIC (Washington Network for Innovative Careers) classes, offered on multiple campuses.

COVID DISCLAIMER

LWSD has been closed to in-person learning since March 11, 2020. All students in the LWSD were graded with A's or I's (incompletes) for spring semester of 2020. This fall of 2020, students are continuing to attend school via remote learning, with no in-person schooling. Our teachers are using a combination of synchronous and asynchronous learning in their work with students. We are operating on a regular grading scale for the current fall semester (A-F).

ACADEMIC SUPPORT

Eastlake has established school systems that personalize education and address the needs of all students. To provide students with the necessary time and support to learn, Eastlake offers student interventions during the school day in Math, Science, Literacy and World Language.

Eastlake also offers a flexible time (Wolf Time) in our schedule to meet the various needs of all our students. Wolf Time allows students to access extra support from their teachers during the school day, as well as make up missed labs, assignments or tests. Wolf Time can also mitigate stress and help students balance their busy lives by providing academic work time during the school day.

LINK CREW

Eastlake works deliberately to create a welcoming and positive culture for students. Through our Link Crew program, students in Grades 11 and 12 serve as mentors, guiding and supporting incoming 9th graders through their first year.

CHARACTER EDUCATION & LEADERSHIP

Eastlake believes that students need to develop the intellectual strength and character necessary for success now and in the future, as captured by our motto Wolf Strong, Pack Strong (WSPS). Eastlake embeds character education throughout the curriculum from the Grade 9 Health and Fitness class to Biology. The focus on school culture and "Servant Leadership" ensures students feel valued and connected. Our leadership students work to build school spirit and a sense of community that resonates throughout the school.

Eastlake also has a traditional student government for both ASB and each grade level, and a School Senate that helps with school communication and provides students a voice in the continuous improvement process.

WOLF STRONG, PACK STRONG!
