Response Text(s)

1. I think whatever name should reflect the strong and culturally diverse community that makes Cale so special. I selected "theme" above for that reason but would be equally open to a place or value as long as it authentically represented the school community.
2. The name change is misguided. It is a waste of resources that should be directed at the school system.
3. Name the school after its neighborhood, or do as they do in NY - PS 127 (Public School and assign a #)
4. Highland Elementary would be appropriate. James Monroe not only has ties to the area but was a Revolutionary War hero who long served his state and country as governor, state, diplomat, Cabinet official, and president. He is largely forgotten and overshadowed today but should not be. The renaming would be a fitting tribute.
5. Honor the first Americans/Indigenous people upon whose land the school was built. Honor a prominent Latinx figure relevant to the local community. Honor a prominent Black figure relevant to the local community.
6. Call it Emoji Elementary School (i.e., the mascot can be the smiles). Seriously! Why not get in the national news spotlight? This would do it. And, for any unfamiliar, it would not be names for any person but would be for those digital typographic smiley-face icons that came into being during this generation. Thanks for taking ideas. :)
7. This is what you get when you tell the truth. The time was sad.
8. All County Schools should be re-named to reflect latitude and longitude in some fun configuration. These numbers don't change as different competing cultural ideologies do battle, waste money, time, and energy that should be devoted to actual education. These ideological battles are silly. It's adult indulgence wasting time, money, and energy on themselves under the pretentious disguise of "protecting" children from harm, but their waste of public resources and hate are the true harms!
9. Nope, this is hard. Glad you are doing this though. Maybe ask the kids?! :)
10. Paul H. Cale. Mr. Cale was Superintendent, who worked under the direction of the School Board. He was a County employee and worked under the direction of the School Board. he and two of his children are in the AHS Hall of Fame for their values of respect, community, and excellence. He valued young people. This process like the other events in C'ville never needed to take place because there was nothing there to the allegations. The committee was hand picked for this chaos, disunity, and results.
11. Renaming a school is certain to be an expensive process (new letterhead, new internal, and external signs, web development, reprogramming systems, etc) at a time when many buildings in the district are overcrowded and have students shoved into trailers rather than classrooms. Please be careful to choose a name that will NOT need to be changed again. We cannot continue wasting limited tax dollars on these whims. Perhaps just name it County School #X. Anything else invites future controversy.
12. Renovia or Mill Creek. Either would be fitting since both are just feet away. Stops all the bickering and both are generic names.
13. Mountain View Elementary or something to do with horses so they can still be the Colts.
14. Community Achievement Learning Elementary (CALE). Thus, keeping the name CALE but not named after Mr.Cale.

15. Kale Forget-Me-Note.
16. Once the committee narrows down the list to 5 names, I think students and community members should be able to vote for one of the 5 names.
17. Avon Oaks (from little acorns grow mighty oaks) Biscuit Run (what divides us, unites us) Avon Ridge (street and landform) Carter's Mountain View.
18. Biscuit Run Elementary (takes advantage of proximity to new park, nicely brands the corridor).
19. Paul H. Cale Elementary School Other schools need structural work immediately! Stop wasting money on cultural bigotry! Everyone knows the fix was in all along. My God have mercy on your ignorant souls!
20. Why mess with a perfectly good name.
21. Since we have invested multiple resources in the Cale merchandise it would be beneficial to keep the name and use it as an acronym. Caring and Learning Elementary.
22. Viewmont..."mont", works in Latin-based languages.
23. I think Southside would not be a good name. There are many things affiliated with "Southside" that do not represent our values.
24. No, not at this time.
25. Sally Hemings Elementary School. Let's celebrate a woman of our community's history who was a slave, but whose legacy can be an elementary school bearing her name, whose values include diversity, love, dignity, and respect for those around us. Given that our original name has been tainted by everything our community stands against, how better to reaffirm our values?
26. Cale Elementary or Kale Elementary. Children are really upset about the thought of a complete name change.
27. Amistad - Spanish for Friendship.
28. From little acorns come mighty oaks.
29. Avon Ridge - Our street and the landform it sits on.
30. Gerald Terrell - First principal of Cale.
31. Hawkins - Stranger things.
32. Hoppy - like hope.
33. The Kale Cabbages.
34. I think it should be named La Voz because we want to recognize the spanish immersion program also because la voz is spanish for voice and you're letting us have a voice by letting us pick the name.
35. Latino women civil rights
36. Piedmont Journeys - The first step in our education journey.
37. We grow our leaves of smartness and we sprout in elementary school.
38. United because there are a lot of people here from different countries like me.
