

Hello fellow freshmen! I would very much like to be considered for a class officer position.

While I strive to do well in academics and athletics, I also have a passion for leadership and community service. Especially during this unusual time, when the entire class is not together on a regular schedule, class cohesion and communication are more important than ever. I enjoy working as part of a team to brainstorm creative ideas and bring students together. I am organized, detail-oriented and will be an effective advocate. I have always been able to get along well with students, teachers and administrators alike. Last year, I served on the Eighth Grade Student Council and would be proud to continue representing my class. We may be off to a unique start, but, I'm ready to make a difference for Hand and the Class of 2024. Thank you for your consideration.
