Class Officer Essay

Divided. That is a word That has surfaced my mind many a time this year. Cohort A, and Cohort B are divided. Students are divided by six feet. Now more than ever, pupils and teachers are divided. As a class officer I believe that I could aid in helping us come together to create a better environment in school and online. I often have many conversations with friends about our new way of school. We have struggles, and hopes we share. I believe using these real life experiences could help us all. When I realized I could use these conversations to benefit our school I figured why not try, because, as John F Kennedy said "Every accomplishment starts with the decision to try".
