

Trip Rizzo, 2024

Hello my name is Trip Rizzo and I would be honored to serve as an officer representing the Class of 2024. These are challenging times for everyone but we as Freshmen have the unique challenge of having to transition into High School during a worldwide pandemic. I know this year will be an uphill battle, but together I believe that we can make this a great year. I will work tirelessly with the student body to ensure that our opinions, concerns, and interests are communicated to the administration. I would like to serve as your class officer because I'm confident that I can make this school year's experience a rewarding one.
